DOMINION ORDERS IN COUNCIL.

[2695]

AT THE GOVERNMENT HOUSE AT OTTAWA.

Wednesday, the 2nd day of October, 1912.

PRESENT:

HIS EXCELLENCY THE DEPUTY GOVERNOR-GENERAL IN COUNCIL.

THE Acting Minister of the Interior, under date of, 16th September, 1912, reports that under the provisions of the "Provincial Drainage and Dyking Act" the owners of the land in the Chilliwack-Sumas District have by petitions published in the British Columbia Gazette on the twenty-ninth day of November, nineteen hundred and six, and twenty-eighth day of September, nineteen hundred and five, elected a Board of Commissioners for the dyking of the Chilliwack-Sumas Drainage and Dyking District of the Province of British Columbia, who are empowered to erect, either directly or by contract, drainage and dyking works for the protection and reclamation of the area included in the petitions by which they were elected; that the money to pay for the work is to be raised pursuant to the said Act, by assessment on the lands benefited; that the Chilliwack-Sumas Drainage and Dyking District covers an area of about 30,000 acres, comprising roughly the lands flooded by the waters of Sumas Lake; that the district is within the Railway Belt, on the south side of the Fraser River, forty miles east of Vancouver; and that within this district there are 12,120 acres of Dominion land, including some 9,000 acres in the bed of Sumas Lake.

The Minister also reports as follows:—

That the Commissioners have made application for an agreement between the Minister of the Interior and themselves, looking to the transfer to them of the Dominion overflow lands in and around Sumas Lake; containing approximately 12,120 acres, upon the reclamation scheme being successfully completed;

That the Commissioners have interested the L. M. Rice Company, Limited, a Company incorporated under the Statutes of the State of Washington and registered to do business in the Province of British Columbia, and have entered into an agreement with this Company, providing for the construction of certain dyking works conditionally on the Minister of the Interior entering into an agreement with the Commissioners providing for the ultimate transfer of the Dominion overflow lands applied for in and around Sumas Lake upon the successful reclamation of same;

That the Department of the Interior has been furnished with plans, specifications, etc., of the proposed scheme of reclamation, also with a copy of the agreement between the Commissioners and the L. M. Rice Company, Limited;

That the lands applied for have been inspected by the Chief Engineer of the Railway Belt Hydrographic Survey, who reported that the Dominion lands in and around Sumas Lake are at present useless and unsuited for homesteading under the Dominion Lands Act on account of the perpetual inundation of nearly 9,000 acres in the bed of Sumas Lake and the periodical flooding of about 2,000 acres for several months each summer during the high water season of the Fraser River and Chilliwack Rivers; that in addition to the said Dominion lands there are some 20,000 acres of private lands adjoining and surrounding the said Dominion lands, which private lands are also subject to regular or occasional flooding during the same high water period, and thereby productiveness of the said land is greatly decreased; that the reclamation of these Dominion and private lands would be a great boon to the Fraser Valley and the Province of British Columbia not only on account of the large area of now useless Dominion lands that would be rendered fertile and productive, but the enhanced value and usefulness of the still larger area of private lands whose present productiveness is minimized by the constant menace of flooding; and that the best advice of eminent engineers for many years declares that the reclamation of the above lands is practicable from both engineering and economic points of view, the total cost being in the neighbourhood of one million dollars.

The Minister, in view of the above, recommends that he be authorized to enter into an agreement with the Board of Commissioners for the Chilliwack-Sumas Drainage and Dyking District, looking to the transfer of the Dominion overflow lands in and around Sumas Lake, as set out in schedule hereto attached, on the following conditions:—

1. That the lands applied for shall be successfully reclaimed and rendered fit for agricultural purposes within four years from the date of the agreement.

2. That no patent for any of the lands shall issue until the Minister of the Interior is satisfied,—through a report by a Department engineer,—that all the said Dominion overflow lands possible of reclamation have been successfully reclaimed and rendered fit for agricultural purposes, and that the reclamation works have withstood the high water of the summer following the completion of the dyking works;

3. Upon the successful completion of the dyking scheme the lands will be sold the Commissioners at the nominal price of One Dollar.

4. That the Department assumes no responsibility for the manner and method of the reclamation; for the providence or improvidence of the agreement between the Commissioners and the L. M. Rice Company, Limited; and no responsibility for the proper inspection of the work during its progress, merely reserving the right to say whether or not the reclamation has been successfully completed.

The Committee submit the foregoing recommendation for approval.

RODOLPHE BOUDREAU,
Clerk of the Privy Council.
